PROFESSIONAL SUMMARY

Computer Science and Data Analytics student at IIT Patna with practical experience in building modern web applications using React, Next.js, and TypeScript. Currently working as a Frontend Developer Intern and expanding expertise in backend development using Java, Spring Boot, and REST APIs. Skilled in building responsive user interfaces, integrating APIs, and developing scalable web applications. Interested in full-stack engineering, microservices architecture, and event-driven systems.

TECHNICAL SKILLS

Programming Languages
JavaScript, TypeScript, Java, Python

Frontend Development
React.js, Next.js, HTML, CSS, Tailwind CSS

Backend Development
Java, Spring Boot, REST APIs, Microservices

Databases
MySQL, PostgreSQL, MongoDB

Tools & Technologies
Git, GitHub, Figma, Apache Kafka (basic), TanStack Table

Data Visualization
ApexCharts, Recharts

Core Computer Science Concepts
Data Structures & Algorithms, System Design Basics, Event-Driven Architecture

---

EXPERIENCE

Frontend Developer Intern
Yuktisoft Infotech LLP
January 2025 – December 2025

- Developed responsive UI components using React, Next.js, and Tailwind CSS
- Built interactive dashboards with charts and dynamic tables

• Integrated REST APIs to display real-time data in frontend applications
• Implemented reusable component architecture improving development efficiency
• Collaborated with backend developers to connect UI with backend services
• Ensured mobile responsiveness and cross-browser compatibility

---

PROJECTS

CosmosVista – Space Exploration Platform

A web application that allows users to explore space data using NASA APIs.

Key Features
• Mars Rover Photo Explorer
• Asteroid Tracking System
• EPIC Earth Imagery Viewer
• NASA Media Library

Technologies Used
Next.js, React, API Integration

Admin Dashboard System

A responsive admin dashboard designed for business analytics.

Key Features
• Interactive charts and analytics visualization
• Inventory management table with sorting and filtering
• Responsive layout optimized for multiple devices

Technologies Used
React, TypeScript, Material UI, TanStack Table, ApexCharts

Personal Portfolio Website

A developer portfolio website showcasing projects, skills, and experience.

Key Features
• Responsive design for all devices
• Skills visualization with interactive UI
• Resume preview and download functionality

Technologies Used
Next.js, React, Tailwind CSS

EDUCATION

Bachelor of Science – Computer Science & Data Analytics
Indian Institute of Technology (IIT) Patna
Expected Graduation: July 2027

Relevant Coursework
Data Structures, Programming in Python, Numerical Methods for Data Science, Foundations of Computer Science, Data Analytics

---

ADDITIONAL SKILLS

Team Collaboration
Problem Solving
Communication
Adaptability

INTERESTS

Full Stack Development
Scalable Web Applications
Microservices Architecture
AI-Integrated Software Systems
